**Subject:** RE: Blades PFAS Update

Blades: Removal FSP for sampling the newly installed monitoring wells is approved and sampling is scheduled to occur April 27<sup>th</sup> and April 28<sup>th</sup>. Review of the DES contractor QAPP/FSP for sampling of residential wells and public supply wells has been completed and comments have been sent to DES contractor to address. The consult with OSTRI and OEM has been requested for residential sampling and will be performed prior to residential well sampling.

**Subject:** Blades PFAS Update

Dan,

Can you update the below update before you head out to the site tomorrow? This is for the PFAS SEMD management update meeting that occurs Tuesday mornings.

**Blades:** Removal FSP for sampling the newly installed monitoring wells is approved and sampling is progressing this week. Review of the DES contractor QAPP/FSP for sampling of residential wells and public supply wells has been completed by Ft Meade, technical support, and the state. The RPM is reviewing the comments. The consult with OSTRI and OEM has been requested for residential sampling will be performed prior to any sampling.

Thanks,  
Aaron Mroz
